Ken,
Thanks for sharing. Very good piece. Only edit is to spell out EUMC in your title, or include in body of op-ed when referencing the European working definition.
Cheers,
Ken

Subject: Piece with Cary Nelson

Hi, Ken –

Cary just shot back his slight revisions tonight (minor word changes and ok final graf added to what Marc and Richard and I were happy with, in the aftermath of the firm position of the legal committee last week). The final piece is attached.

Cary is going on the road tomorrow, and he wants to release it through the AAUP website.

He needs to hear before 1pm if there are any changes. So let me know in the morning if you have any thoughts, comments, concerns, etc. please.

Best regards,

Ken
